Throw your money away.

Don't save another cent, but get out on the street and amuse the children by tossing your dimes where you will see that it makes their little hearts glad. You are throwing 10 cents away every time you pay 35 cents for a pound of coffee to a traveling solicitor. We sell you a blend of coffee put up by one of the largest coffee houses on the coast to compete with this class of traders and we say that we have them discounted on trial, if not so you keep the coffee and we return the cash. That is talk BACKED UP. Not hot air.

TAXING BACHELORS.

Penalties Have Often Been Imposed In Various Countries.

Bachelors as candidates or probationers for marriage have formed the subject for legislation from the earliest times. Penalties have often been imposed on male celibates in various countries. In proportion as the interests of the state were regarded as above those of the individual the enforcement of marriage was the more severe. In ancient Sparta it was considered a punishable crime not to marry or to marry too late in life. In Athens, though not severely punished, celibacy was discouraged in early times.

At Rome marriage was fostered by positive penalties imposed on unmarried men and sometimes even on women as well as by discrimination in favor of heads of families. In the allotment of the Campanian lands by Julius Caesar portions were given only to the fathers of three or more children. Under Augustus a law was enacted prohibiting unmarried persons below the age of sixty in men and fifty in women from taking possession of a legacy, and this was applied even to widows, who, in order to secure their part of their deceased husband's estates, were forced to marry again within a period of two years.

BLIND INSECTS.

They Act Just as Though They Had Eyes and Could See.

So far as insects of the caves are concerned the loss of sight which they gradually undergo is sufficiently well understood. The first step is a decrease in the number of the facets which make up the compound eyes, with a corresponding diminishment of the lenses and retinae. After four or five generations the eyes become useless. It would be most interesting to breed these or other blind creatures of the caves in the light, so as to find out if they would get their sight back. In all animals, including man, it is found that nature tries to compensate for loss of vision by increasing the power of the sense of touch. Thus the attennae of cave insects grow remarkably long.

It is very curious to find that nothing in their behavior suggests the fact that they are blind. They walk, run, stop, explore the ground and try to escape from the grasp of the bug hunter just as if they really saw. The light of a candle startles them as much as if they perceived it visually. It is a remarkable fact, proving that the ancestors of these creatures could see, that in the embryo stage of their existence they have eyes well developed.

"A man's vote is too precious to be sold," said the patriot.

"Perhaps," answered Senator Sorghum, "although a number of people of my acquaintance regard it as too valuable to be given away."—Washington Star.

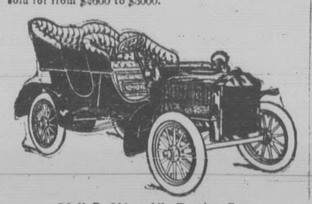
The Greatest American Two-Cylinder Touring Car Ever Sold FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2600 to $3000.



20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5¼ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "**There is no other $1550.00 machine of its class to equal it.**" Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($1,050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 50 H. P. $1950 to $4650

WOODSIDE CHIPS.

WOODSIDE, May 5—Henry Hildebrand is tearing down his old fence in front of his residence, preparatory to putting up a new one.

Quite a number from here will go to the picnic at Sunset Park next Saturday, May 13th. Those desiring tickets can procure the same from Charles Hansen.

Peter Matheison, who sold his home to Frank Hooper, has rented the MacArthur cottage and will move in shortly.

An inch of rain fell during the last storm. This is unusal for this month yet no damage was done and great benefit derived by farmers and orchardists.

Mrs. Thomas Knight was treated to a birthday party by her neighbors last Thursday night, it being her sixtieth birthday.

The social dance to-morrow night (Saturday) promises to be well attended and a good time is looked for.

The Seminarains of Menlo and the Faculty picnicked at Hazelwood Hills last Thursday.

Supervisor MacBain is putting new tanks along the road in place of the old one which are leaking badly.

Commencing with next Sunday, Mass will be celebrated at 9 o'clock instead of 10 at Portola.

WEEKS MILL.

WEEKS MILL, May 5—Frank Wilber, of Fallbrook, San Diego county is visiting the ranch.

The mill camp was represented at Cavalli Brothers' dance last Saturday night by Percy Weeks and Newton Ray. They brought back glad tidings of a good time, and those that missed the opening dance at La Honda—being too tired to venture out on a three mile walk—felt rather displeased at themselves for having remained in their cabins.

The camp cook house opened its doors officially this week. Some of the "batches" about the gulch uttered sighs of relief when hearing the pleasing news; with the news came light white bescuits and pies that had failed to absorb an overdose of the oven's heat.

Along the county road, between the ranch and the mill, a seventy-foot culvert is being put in. This work will employ several men and in the course of a few days there will have been remedied a dangerous spot on the public highway.

Messrs. Roy and Salouga spent last Sunday afternoon at San Gregorio.

Walter Ray of Pescadero arrived in camp last Monday.

PRINCE-RUDEE NUPTIALS.

The Bride and the Groom Were Former Residents of San Mateo.

A very pretty wedding took place at Golden Gate hall, San Francisco, last Sunday evening that is of interest to the people of this county for the reason that the contracting parties were former residents of San Mateo. The marriage of Dr. Albert D. Prince and Miss Sarah Rudee had long been the talk of San Francisco society and it was an event that will linger in the memory of all those who attended. The interior of the hall was tastefully decorated with choice blooms and potted plants. At 6 o'clock the happy couple took their places under a large canopy in the center of the hall, and there Rabbi Nito in a solemn manner performed the ceremony that made two hearts one. The bride has long been a reigning belle of San Francisco's most exclusive circles. She is a charming young lady, highly accomplished, and a musician of rare ability. Dr. Prince is a prominent dentist of the metropolis and a graduate of the State University. He has a large and growing practice.

The bride was beautifully gowned in a costly dress of white satin trimmed with rich pearls. Mrs. Prince, mother of the groom, looked charmingly in a handsome gown of black and white creation. Mrs. J. Rudee was becomingly dressed in white silk. Over two hnndred people partook of supper in the hall. Some witty speeches were made and congratulations showered on the young couple. During the supper an orchestra rendered choice music. Among the wedding gifts were a deed to a house and lot on Folsom street valued at $15000 given by Mr. and Mrs. Prince, and a check for $5000 by Mr. and Mrs. Rudee. The bride and groom begin life's journey under most pleasing auspices.

Mr. and Mrs. Prince will spend their honeymoon at Hotel Del Monte, Monterey.

TOWN COUNCIL.

Stockholders Want the Water Rate Raised from 7 to 10 Cents.

The principal business before the town council Monday night was the question of water rates. Dr. J. L. Ross and Geo. H. Rice appeared for the Redwood City Water Company and asked that the rate be raised from 7 to 10 cents per 1000 gallons. After much discussion as to the probable amount of water which could be supplied it was decided to enter into a new contract for five years at the price asked by the company.

The license of Mr. Fromm was changed to Mr. Kinne's name.

Superintendent Dickie was instructed to set curb lines and prepare specifications for D street. The meeting then adjourned.

The Case Was Compromised.

A compromise was agreed to in the suit of Mrs. R. P. Troy (formerly Mrs. Stephen M. White) vs. John T. Doyle in the Superior Court on Tuesday. The case was for the recovery of a $20,000 fee which Senator White had been promised by Mr. Doyle for legal services in the famous Pious Fund case recently decided. The suit was called at 10 o'clock but as the attorneys thought that a compromise might be effected an adjournment was taken. At 2 o'clock D. M. Delmas, attorney for the plaintiff, announced that the suit had been settled. The terms of the settlement are not known.

Judgment Rendered.

A judgment has been rendered in the Superior Court of this county in favor of Colon Stafford for $2662.83 and interest from March, 1902, against Samuel Jewell and Maud Townsend Jewell. In September, 1898, P. P. Chamberlain and J. L. Ross secured a judgment against the defendants and mother of Mr. Jewell for $3056.87 and $835 was subsequently paid on the judgment, that was afterwards transferred to Colon Stafford. The object of the present suit was, no doubt, to keep alive the judgment.

Shooting Affray.

A dispatch from Santa Barbara to the San Francisco Chronicle on Wednesday gave an account of a shooting affray in which a former Redwood City young man is connected. The dispatch states that Edward Clifford, known as "Spot," shot a woman of ill repute three times and she is in a dying condition. Clifford made his escape and the officers are in pursuit of the fugitive. The Sheriff's office has been notified to apprehend him should he make his appearance here.

A coquette is a female general who builds her fame on her advances.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Petition Presented Asking That a Road Near Ravenswood Be Made a Public Highway.

The Board of Supervisors met in regular session Monday, all members being present. The matter of receiving applications for liquor licenses in excess of 105 was discussed at some length by the board. On motion of MacBain seconded by Debenedetti the Tax Collector was notified to accept no more applications for licenses in excess of the 105 until there was a vacancy. The application of Edward Cardero, proprietor of the "Eagle's Rest" near San Bruno, was rejected on motion of McCracken seconded by Debenedetti, for the reason that it was beyond the limit and there was no vacancy.

The following reports of county officers were presented and filed:

The following petition was presented by Charles N. Kirkbride:

To the Honorable Board of Supervisors of the County of San Mateo. Gentlemen:—Herewith I present to you a map entitled "Map of the Polo Field Subdivision of Part of the Town of Burlingame," made at my request.

I have purchased the property shown thereon from the Estate of William H. Howard, deceased, as will fully appear by reference to the probate proceedings in the Superior Court in the matter of said estate. A certified copy of Court confirming the sale is of record and the deed to me has been duly executed.

I dedicate to public use Middlefield Road and Bayswater avenue as shown on said map as will appear by reference thereto, and hereby request your Honorable Board to endorse on said map your acceptance of same in conformity with your usual practice and conditions and according to law.

Yours very respectfully,
CHARLES N. KIRKBRIDE.

Dated San Mateo, Cal., April 26, 1905.

It was accepted on motion of Eikerenkotter seconded by McCracken. The usual resolution accepting the map that accompanied the petition and dedicating the streets and avenues delineated thereon to public use, was also adopted. The county is not to become responsible for any expense in grading, macadamizing or maintaining the new highways.

Afternoon Session.

The board met at 1:30 pursuant to adjournment and all members answered roll-call.

Jas. T. O'Keefe presented the following petition signed by Edward Donohoe and others, asking that a certain road near Ravenswood be declared a public highway, and it was read by the clerk:

To the honorable Board of Supervisors of the County of San Mateo, State of California—Gentlemen: Your petitioners respectfully represent to your honorable body that they and each of them are owners and have interest in land in and about the vicinity commonly known as "Ravenswood" and are interested in having good roads in that community; that a certain well-defined roadway forty feet wide and extending through and between and dividing the lands of O'Keefe, Donohoe, Goodwin, O'Connor and Suverkrup, running in a northerly direction intersecting the Bay road and in a southerly direction intersecting the Creek road; that a portion of said road was laid out and designated on a map forming a part of a deed of partition between Jno. T. Doyle, Eugene Casserly, Joseph A. Donohoe and Henry H. Haight in 1867 or thereabouts and said deed is recorded in book 5 of deeds at page 606; that subsequently and on or about the year 1877 said road was extended so as to connect the Bay road with the Creek road; that for all intents and purposes said roadway has been abandoned to the use of the public and for more than a period of thirty years it has been traveled over and upon by the public; that the same has never been deeded to the county and is now becoming a popular route to the town of Palo Alto and an effort will shortly be made to have a bridge constructed over the San Francisquito creek at the intersection of said road with the Creek road; your petitioners therefore pray that said road be accepted by the county and designated, named and placed upon the road book and maps of the county as a public road and your petitioners will ever pray, etc. (Signed) Edw'd Donohoe, P. Suverkrup, Mrs. Kate Suverkrup, Co-operative Land & Trust Co., D. E. O'Keefe, Jas. T. O'Keefe. Your petitioners, after carefully considering an appropriate name for said road have concluded and decided upon the name "Menalto avenue," a combination of the words "Menlo" and "Alto," and we therefore suggest to your honorable body said name.

On motion of MacBain seconded by Eikerenkotter the prayer of the petitioners was granted.

The following communication from L. B. Thomas, representing the American Bonding Company of Baltimore, was read, notifying the board that the company had withdrawn from the bond of William Cassie, the recently appointed pound-master of the Third Township:

To the Board of Supervisors of the County of San Mateo, State of California, and Hon. John H. Coleman, chairman of said Board of Supervisors:

The American Bonding Company of Baltimore (a corporation duly formed and existing under the laws of the State of California), respectfully represent and petition as follows, to-wit:

That heretofore, to-wit, on or about the 8th day of March, 1905, at the instance and request of one William Cassie, it (said corporation) executed to the State of California its bond in the sum of five hundred ($500) dollars for the benefit and behalf of said William Cassie, who had been theretofore appointed by said honorable board of supervisors as pound-keeper or pound-master of the Third supervisor district of said county of San Mateo; that said bond was executed in due form of law, and provided that said William Cassie would well and truly perform the duties of said office, and said bond was thereafter duly accepted by said Board of Supervisors; that ever since the date of the approval of said bond, and by reason thereof, said William Cassie has been, and now is, the duly appointed, qualified and acting pound-keeper or pound-master aforesaid.

Said American Bonding Company of Baltimore desires to be released and relieved from all liabilities that may hereafter arise upon, and from said bond, and the reasons for asking such release are as follows: That said William Cassie, while performing the duties of his said office, has been careless and reckless, and upon many occasions has acted contrary to the plain provisions of the law controlling the duties of h.s said office and therefore said surety believes that it is unsafe and unwise for it longer to take chances upon said bond or be responsible for the faithful performance of the duties of said office by said Cassie; that while performing, or pretending to perform, the duties of his said office, said Cassie has had personal altercation and quarrels with many of the residents and tax-payers of his district, and has become so thoroughly unpopular, that trouble may at any time be caused to this surety upon said bond.

Wherefore said surety has subscribed, and caused the same to be verified by L. B. Thomas, its attorney in fact, and now prays said honorable board, pursuant to the provisions of sections 972, 973, 974 and 975 of the Political Code of California, to take such measures and such action in the premises as is by law prescribed and will result in the release and exoneration of said surety from all liability hereafter to accrue upon or on said bond.

Dated April 17th, 1905.

AMERICAN BONDING CO. OF BALTIMORE, by L. B. Thomas, its Attorney in fact.

MacBain inquired if the company had refunded Mr. Cassie the money he paid them for the bond. E. F. Fitzpatrick, who represented the company, said that it had not, but would if the claim was properly presented.

MacBain insisted that the money be refunded before any action be taken on the petition. He would not consent to the withdrawal, saying that it was all spite work. Mr. Fitzpatrick said that inasmuch as the pound-master was duly served and had been given ten days to secure a new bond the company was relieved of all responsibility.

On motion of MacBain seconded by Eikerenkotter the office of pound-master was declared vacant.

The petition of Chappelle and others to remove certain obstructions on the extension of Atherton avenue went over for one month.

The following communication was received from W. F. Herrin, in response to the letter directed by the board to be forwarded by the clerk to the chief counsel of the Southern Pacific Company:

Mr. H. W. SCHABERG, Clerk of Board of Supervisors San Mateo County, Redwood City, Cal.

Dear Sir:—Upon receipt of yours of 19th inst., I handed same to Mr. Wm. Hood, our chief engineer, and he advises me that there are no obstructions on the county road mentioned in your letter other than those incident to and entirely inseparable from the carrying on of railroad construction where the railroad under construction crosses and recrosses such road, and anything in the way of rocks or other material, which, after blasting, rolls down into the county road, is very promptly removed. There is no way of preventing this, and we are using every care and there is no more trouble here than there is anywhere under similar conditions.

As to the sign-board reading "This is not a public road," I understand that this was placed there by the contractor, who acted entirely upon his own responsibility in the matter. There is no objection, of course, to the removal of such sign.

As to the new road being constructed, I understand that that in no way infringes upon any rights of the county of San Mateo. In due time it is the intention of the company to offer this road, when completed, to the county, to be used in lieu of that portion of the old road between the points where the new road connects with it.

I will request Mr. Fitzpatrick, our local attorney, to appear before your board at the next meeting, concerning this matter.

Very truly yours,
WM. F. HERRIN.

E. F. Fitzpatrick, representing the company and Mr. Erickson, one of the contractors, said that his clients were willing at all times to adjust matters and would do all in their power to have no friction with the people of the First Township. He contended that section 465 of the Civil Code gave the company power to construct tracks across the highways, provided said highways were restored to their former usefulness. "This is a gigantic work," he said, "and one of great importance to the people of this county. In view of this it does not seem unreasonable to ask the people to put up with a little inconvenience while the work is in progress. The bay-shore cut-off, when completed, would be a great benefit to the county in bringing San Francisco in closer touch with it."

Eikerenkotter explained that the company never asked any privileges from the board. It appeared to think the board had no rights that should be respected. He thought the contractors should ask permission for certain privileges. Eikerenkotter explained that he was willing to do whatever was right. It was agreed that Mr. Fitzpatrick, Mr. Erickson and Supervisor Eikerenkotter visit the scene of the trouble, and if possible adjust matters to satisfy all.

E. F. Fitzpatrick presented warrant No. 2 on the Phebe A. Hearst reclamation district, for $2500. The board held that by a former agreement no money would be paid on the claims until the next tax levy was made.

The map of Villa Park presented by J. G. Smith was returned for correction.

The clerk was instructed to advertise for bids for the sale or removal of the old court house, and also for the delinquent tax list.

On motion of McCracken seconded by Debenedetti, the contractor of the new court house was instructed to use R. I. W. paint instead of furring on the walls, the cost of same to be borne equally by the contractor and architect, MacBain voting no on the motion. This settled a long-standing dispute in the board.

On motion of McCracken seconded by Debenedetti the following commitie was appointed to look into the matter of securing the color of marble to be used for the wainscotting of new court house:

On motion of Debenedetti seconded by Eikerenkotter, Supervisor McCracken was granted a leave of absence for sixty days to leave the State.

No further business appearing, the board adjourned to Monday, May 15th.

IMPORTANT CONSOLIDATION.

Two of San Francisco's Largest Financial Institutions Unite.

Concurrent with the consolidation of the Nevada Bank and Wells Fargo's, the absorption of the London and San Francisco Bank by the Bank of California and the consolidation of several other financial companies, comes the news that two important financial and savings institutions have united their energies as well as their business and capital. The Renters' Loan ann Trust Company and the Standard Loan and Trust Company, two of the strongest companies on the coast, doing an installment loan business, have concluded to unite their forces. The business will be conducted under the titile of the Renters' Loan and Trust Company of San Francisco. The consolidation will make the new company the strongest of its kind in California.

The present offices of the Renters' will be inadequate for the consolidated business. The spacious quarters now occupied by the Security Savings Bank at 222 Montgomery street have been secured and will be occupied by the company on or about June 1st next.

The Renters previous to the consolidation had been the instrument whereby over 5,000 homes have been built in California during the past fifteen years.

The Standard, while a much younger institution, has built up a business of very large proportions. By means of the amalgamation of the two forces, the continuing company will have a working capital of about $2,000,000.

During the history of the two companies not a murmur of discord has been heard, either in the columns of the press or otherwise, regarding the management or the treatment the patrons and depositors have received.

The directorate of the consolidated companies, which is as strong as that of any financial institution in the west is as follows: Geo. M. Perine, one of San Francisco's most respected capitalists; Capt. W. H. Marston, one of Berkeley's best known capitalists, a director in the First National Bank of Berkeley and in the Seaboard Bank of San Francisco. He is also vice-president of the San Francisco Chamber of Commerce. Samuel Sussmann, senior member of the firm of Sussman, Wormser & Company, one of the largest wholesale grocery firms on the Pacific Coast. Louis Fischbeck, general manager of the New England Soap Company, the largest of its kind west of Chicago. W. A. Boole, president of W. A. Boole & Son, incorporated, operating the largest shipbuilding and dry-docking plant on Oakland's harbor. J. H. Mallett, Jr., formerly of the Pioneer Mantel Manufacturing firm of Bush & Mallett Company; and R. T. Harding, of Harding & Sargent, one of San Francisco's leading law firms.

A stronger body of men of business affairs could not be found any where.

Geo. M. Perine, under whose executive management the Renters' grew from a small company to its present large proportions, will continue to act as president. Capt. W. H. Marston, the president of the Standard, first vice-president; J. H. Mallett, Jr., second vice president, and Grant Cordrey, secretary. R. Carlton Knight, under whose management the Standard grew so rapidly in such a short space of time, will be the manager, and R. T. Harding and Walter C. Graves, the attorney.

A Grand Time Is Promised at the Picnic on the 13th—Edward Doyle Weds in Gilroy.

Furnishing goods and fine shoes at David Kirby's.

A 14-pound baby boy was born to Mr. and Mrs. Gus Johansen last Tuesday.

The Weirs have moved into their handsome home opposite the Flood residence.

Mrs. Tubbs of San Francisco will move into the Eyre cottage at Fair Oaks to-day.

Chas. Holbrook and family have moved down from the city for the summer.

Robert Collation has gone to Gilroy Hot Springs where he has secured a good position.

James L. Flood, who has been confined to his home all the week, is now able to be around.

Constable Cronk and his deputy, Clarence Hill, made a raid on tramps Monday and took several of the walking gentry to the county bastile at Redwood City.

The Bassett cottage has been leased to W. H. Demming. This is the only house to be rented, as all the desirable dwellings hereabouts have been taken.

Edward Smith, a young capitalist who is connected with the firm of McNab & Smith, draymen in San Francisco, is passing his vacation of a month at the Menlo Park Hotel.

Harry F. Sullivan, son of Judge Sullivan of San Francisco, has rented the Britten residence at Fair Oaks for the summer. Mr. Sullivan is associated with his father and his uncle, Matt I. Sullivan, in the practice of law in San Francisco.

E. W. Hopkins and three daughters left Thursday evening in an automobile for Santa Barbara. They expect to reach their destination to-day. The party will spend ten days at that charming place.

Theodore Clack while playing baseball at the high school at Redwood City last Monday slipped and badly sprained his right arm which he has been carrying in a sling ever since. It will be some time before he can resume his studies.

J. H. Bell, an old Holtt's player, was largely responsible for Stanford's second victory over the Japanese baseball team at San Francisco last Tuesday. With the score one, all out and two men on base, Bell came up to bat in the fifth inning and knocked out a clean two-base hit over third base, scoring two runs and winning the game by the score of 3 to 1. Bell is now a freshman at Stanford. He played for the last three years both as catcher and in the infield, at Holtt's, and displayed good baseball ability. Upon entering Stanford he has developed remarkably, easily making his class team and winning out against all comers for the second-base position. In the inter-collegiate series Bell led the varsity team in hitting.

Though the 13th is yet a week off picnic is already on. Everybody is enjoying picnic in anticipation. The small boy has nightly visions of greased pig, ice-cream and cherries of the wild wood. Mose Kavanaugh, Jeff Murray and John H. O'Keefe, hold natural tugs of war with unventuresome bachelors. Staid octogenarians who have'nt much use for modern sports or games are on the move to join the glad throng. Fond mothers are getting ready the lunch baskets and fitting out their little ones with neat picnic costumes. Maidens fair are gathering about them all the summer finery they can carry. The love-smitten young man of Menlo is alone worried. He's on the committee of arrangements and his brain is taxed with the problem—how to attend his committee duties and his best girl at the same time. The program of games has been completed and prizes apportioned. Among the prizes donated are 1,000 feet of lumber from the Virginia Timber and Lumber Company, and several barrels of cement from H. B. Morey & Sons. Both the lumber and cement will be competed for by the carpenters and cement workers of the peninsula. Printed lists of games and prizes will be distributed on the trains on the morning of the picnic. The five trains to carry the picnickers will run at intervals of ten minutes the first starting from San Francisco at 7:15 o'clock and the last at 8:05 o'clock. The first returning train leaves Sunset Park at 5 o'clock. That the great excursion will be enjoyed by everybody who attends there is not the least doubt. Menlo has done its best to entertain its friends and is now waiting to receive them with open arms.

Edward Doyle, employed by Duff & Doyle for the past three years, was quietly married at Gilroy last Monday to Miss K. Cullen, a prominent young lady of that city. The wedding is the happy culmination of a pretty romance that took place during the childhood days of the young couple. Both attended the Gilroy grammar school, and their attachment for each other ripened into love which only grew stronger as the years rolled on and ended in the happy union of the loyal lovers. During his residence here for the past three years he has been smiled upon by pretty maidens but he had never faltered in devotion to the Southern belle. Mr. Doyle, who was born near University Heights, is a genial, good natured gentleman with a wide circle of friends. He is a prominent member of Menlo parlor, N. S. G. W. Mr. and Mrs. Doyle, on their return from their honeymoon, will reside here.

William Rivers and family moved to Hollister Wednesday. They were accompanied by Mr. and Mrs. Robert McNally. The cottage they occupied in the Mills tract has been rented by Victor Mitchell. The latter vacated the Chappell residence yesterday and he had scarcely moved out when there were six applications for the cottage but it had been previously taken by Edward Doyle who with his bride will be home to-day from their honeymoon trip. There is a great demand for cottages here. Twenty could be rented in a moment's notice.

Mrs. Charity Norton Humphreys, mother of the well-known real estate man, passed away in Menlo Park on Monday, May 1, of heart disease. Mrs. Humphreys had been unwell for some time, but was able to be about. She was stricken suddenly Monday morning and although Dr. Wilbur and Dr. Moss were summoned their efforts to save her were unavailing. The funeral was at Cypress Lawn on Wednesday afternoon where services were held in the chapel. The deceased was a native of Ohio, aged 76 years, 8 months and 29 days.

All is in readiness for the flower show to-day. The Horticultural Society is much pleased for the interest growers have taken in the exhibit. San Mateo and Burlingame have made fine displays and from local gardens myriads of sweet-scented blooms are banked up on all sides filling the atmosphere with their fragrance. This veritable riot of flowers is a beautiful scene that will be admired by hundreds to-day from all over the county.

H. C. Tilden, of the firm of H. N. Tilden & Co., commission merchants on Sacramento street, San Francisco, has moved into the Partridge residence. The Misses Partridge have departed for San Francisco to permanently reside. The young ladies carry with them the best wishes of the people of Menlo Park.

This is one of the best exhibitions of cut flowers ever seen in the State. The program for the entertainment for the evening is all complete. It is made up of high class artists from San Francisco, Stanford University, Palo Alto, and Menlo Park. The entertainment is to be one of the best ever given in the county. Several hundred tickets have been disposed of.

Last Thursday night Menlo Parlor, N. S. G. W., initiated twenty new members, the candidates being all local residents of the town. Grand Organizer Mocker was present. It was through his untiring efforts for the past few weeks that the young Native Sons were lured to the parlor.

Among the many valuable prizes donated to the picnic committee are four barrels of Portland standard cement valued at $15, given by Harry P. Morey, and one thousand feet of Redwood lumber worth $20 donated by the Virginia Mill and Timber Company of Redwood City.

Sherman Doyle came from Washington Monday to spend a few days with his parents, Mr. and Mrs. John T. Doyle. Mr. Doyle is considered one of the promising young lawyers of the Capitol City. He has given close study to international law.

Thomas Quincy has leased the old Maloney harness shop and will engage in repairing and manufacturing harness. Mr. Quincy is an old Californian and has had a wide experience at the business and expects to build a good trade here. He guarantees satisfaction to all his patrons.

Mrs. James T. O'Keefe and children are spending a few weeks at Madera with Mr. and Mrs. George F. Gilcrest.

Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Fish Scale Jewelry.

The scales of the sea drum are extensively used in the manufacture of the sprays of flowers and other articles of fancy work which are sold at seaside resorts under the name of "fish scale jewelry." They are large and silvery and so hard that it is necessary to remove them from the fish with an axe or hatchet. The scales of sheepshead, tarpon, channel bass, etc., are also used for this purpose at times.

Sensible.

She—I suppose you would have me believe I am the first woman you ever loved? He—Not at all. I've loved scores of women, but you are the last one I have fallen in love with. She—Very well, then I'll say "Yes." As long as I am the last one you have loved we'll get along all right.—Boston Transcript.

No Compromise.

"I'm very sorry my people have given offense," said the savage ruler, "and I'm ready to apologize."

BILIOUSNESS CONSTIPATION CURED BY THEDFORD'S BLACK-DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Thedford's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Thedford's Black-Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Thedford's Black-Draught.
